

**NSF Futures Engine
in the Southwest**

Online Transpiration Professional Development Training

Join the **Desert Research Institute (DRI)** to...
Learn about hands-on, STEM activities from our
Transpiration Green Box that can be used to
teach students about transpiration, plant
structures, the relationship between
transpiration and the weather, and drought
mitigation strategies.

Date: October 21 from 5:30-7:00 pm MST

Location: Virtual
