UVU Endorsement Program Admissions Application Instructions

In order to register for any of the endorsement courses that UVU offers in partnership with school districts and schools across the state of Utah, you must be formally admitted into the UVU Endorsement Program, pay the admission fee, and have an activated UVU ID#. The detailed instructions that follow outline the steps you need to take to be admitted. **Within two days of completing the admission process, you will receive your activated UVU ID#.** **ONLY after you receive your activated UVU ID# will you be able to register online for the endorsement course.** A separate set of registration instructions for the course you want to take should be given to you by your instructor or other district personnel. If you don't have these registration instructions, please contact John Allan (johna@uvu.edu) and let him know what class you want to register for. He will forward the registration instructions to you.

Many teachers will be able to complete the online application with minimal instructions - but please **pay close attention to all instructions that are bold, underlined, and/or in larger text.** These are the instructions that are not intuitive and are critical to your successful completion of the admission application.
