Assessment

3 credits each
\$300 fee that includes
SUU Credit

SEDC is working with SUU and USBE to provide an Instructional Coaching Endorsement program for teachers across Utah. These classes will be taught utilizing Zoom Video Conferencing and Canvas, so no travel is necessary. Participation in synchronous Zoom meetings once a month is required. All licensed educators are welcome to register for this USBE approved endorsement program. The program is designed for current and aspiring coaches as well as other instructional leaders.

There are three required courses for this endorsement: Adult Learning Theory, Foundations of Instructional Coaching, and Instructional Design & Assessment. All 5 competency areas required for the Instructional Coaching Endorsement will be covered during the three courses. There is a \$300 course fee for each course that includes the transcription fee for SUU professional development credit. It is anticipated that participants will complete the coursework and competencies for this endorsement in 12 months time.
