THE MISSION OF THE SEDC PD TEAM IS TO MEET YOUR NEEDS

The Professional Learning Team at SEDC is available to you and your amazing teachers when requested. We mentor, model and support your teachers and enable them to maximize student learning & engagement.

Recently, we have seen profound changes in educational technology and pedagogy. Teachers have done an incredible job making this transition, that is undeniable. We would like to enable your teachers to thrive, not just survive, in this new territory.

This flier highlights our standard offerings, plus some exciting and new EdTech tools and platforms that will both save teachers time, effort and frustration - as well as engage students like never before. Let us know how we can serve!

UTAH EDTECH ESSENTIALS

- Canvas & Google Classroom: ALL teachers should be using an LMS, and *not* for just posting student assignments. We can help with onboarding new teachers, improve their workflows with the updated Google LTI 1.3 + SpeedGrader enhancements, or going further into instructional video & best practices for instruction and course design.

- Nearpod: Assessment + Engagement, all in one tool! Use Drag & Drop, video, collaboration boards, and many more question types. Draw from the Utah core-aligned lesson library or activities for SEL and College & Career Exploration. Incredible Digital Citizenship resources too!

- Adobe Creative Cloud + Express: Tap into student creativity at any age with tools from Adobe, from 2nd graders telling their stories with Adobe Express to students in 7th-12th creating with the same tools as the Pros use for all media. The Adobe Create UT program provides the tools for teachers & students!

- UEN has many other applications licensed for Utah as well.

Infini-D
L E A R N I N G

THE INFINI-D PLATFORM IS UNIQUELY BUILT TO ASSESS GRADE-LEVEL STANDARDS, PROMOTE A COLLABORATIVE AND POSITIVE CLASSROOM COMMUNITY, AND SUPPORT THE DEVELOPMENT OF REAL-WORLD SCIENCE AND ENGINEERING SKILLS.

Infini-D Learning is a Utah-based education developer that is backed by the National Science Foundation. Their engaging, interactive, student-driven experiences that are aligned with the Utah SEEd Standards and support Utah's Portrait of a Graduate. Interactive missions, appropriate to K-9 grade levels, take students into outer space, the ocean, and inside the human body. After each event, detailed analytics are provided around each student's knowledge, skills & dispositions.
Best of all? It's easy to use, there is no new curriculum to adopt, it's hands on and collaborative and, oh yeah - completely **FREE** for rural Utah districts! *Demo the platform* anytime.

MYVRSPOT

MyVRSpot's "Killer Feature" allows teachers to embed YouTube videos in Canvas without all the junk. It has many other great components that can replace a handful of different video and media tools teachers use daily.

INTERACTIVE DISPLAYS

Has your Smart Board or Projector recently been replaced with an interactive monitor? Are you wondering what you and your students can do with it? We can help you explore this tool for your technology toolbox!

MEDIA & INFO LITERACY

We can point your teachers to reliable, vetted classroom content, like Utah's Online School Library, eMedia for video & lesson plans, Scrible for streamlined research, Breakout EDU for the 4C's and much more.
