

Portable Planetarium and Mobile Classroom

We hit the jackpot with a grant from the Utah STEM Action Center for a top-notch Digitalis Digitarium portable planetarium system! Brace yourselves for a mind-blowing journey through Earth, the Moon, our Solar System, and beyond - we're talking zooming through the Milky Way Galaxy and into uncharted territories! This isn't just a planetarium, it's a whole classroom on wheels - get ready for out-of-this-world 360° virtual tours, full-dome videos, and endless adventures. Buckle up for an educational joyride to Infinity and Beyond! [Learn more here.](#)

The Professional Learning Team at SEDC is available to you and your amazing teachers when requested. We mentor, model and support your teachers and enable them to maximize student learning & engagement.

We have some incredible new opportunities to offer you this year. Take a look at what we can provide you and your teachers - just let us know what you need!

WE MEET YOUR NEEDS

Southwest Educational Development Center

We are here to meet your needs and to help you achieve your educational goals.

SERVING SCHOOLS FOR OVER 50 YEARS

Professional Learning Offerings for 2024-25

Educators are increasingly expected to exhibit skills and knowledge of using technology to enhance student learning.

We are here to help.

The Magic School Bus Meets Star Trek

Mission.IO (formerly Infini-D) is uniquely built to assess grade-level standards, promote a collaborative and positive classroom community, and support the development of real-world science & engineering skills - but students just think they are playing a fun and engaging game based on what they have just learned!

They have more than just a new name. There are MANY more missions - now Literacy/ELA missions too - with new ways to engage as well. Best of all, USBE has funded this tool for YOUR rural Utah school!

MY VIDEOSPOT The Video Platform Built for Education

MyVideoSpot (formerly MyVRSpot) is a tool provided to you by SEDC to provide a safe and easy way for teachers to curate and create their own instructional libraries of video and other types of media. Plus, with a few clicks you can add YouTube videos to MyVideoSpot and clear away ALL of the distracting ads, comments and suggested videos when shared! You also get:

Video, Audio & Screen Recording
Unlimited recordings up to 60 minutes.

My Studio
Online video editor with green screen, PIP, and more.

Video Showcase
Easily share an infinite number of videos on a website or in Canvas.

AI Prompt Engineering

AI Timesavers for Teachers

3 OPTIONS
For Learning More about AI

Self-Paced Options for AI Exploration

AI: DO MORE AND SAVE TIME TOO

AI: The T.A. You Have Always Needed

The impact of AI on Education will not be small. AI will not replace teachers, but teachers who use AI effectively **will likely** replace those who do not.

AI resources and tools available to teachers right now are astounding, and they are improving day by day. Teachers need to know how to safely and effectively utilize AI with daily tasks, as well as help students safely use it too.

FREE TOOLS UTAH TEACHERS SHOULD KNOW ABOUT

Are you using any of these?
Are you paying for them?
We can help you learn more.

Canvas: Learning Management System

Lucid: Interactive Whiteboards & More

Nearpod: Engage and Assess

Adobe Creative Cloud + Adobe Express
