

Portable Planetarium and Mobile Classroom

We hit the jackpot with a grant from the Utah STEM Action Center for a top-notch Digitalis Digitalium portable planetarium system! Brace yourselves for a mind-blowing journey through Earth, the Moon, our Solar System, and beyond - we're talking zooming through the Milky Way Galaxy and into uncharted territories! This isn't just a planetarium, it's a whole classroom on wheels - get ready for out-of-this-world 360° virtual tours, full-dome videos, and endless adventures. Buckle up for an educational joyride to Infinity and Beyond! [Learn more here.](#)

Swank Motion Pictures' film streaming platform, Swank K-12 Streaming, offers exclusive access to the largest single library of feature films, documentaries and foreign films available to K-12 schools for instructional support. Featuring over 30,000 movies, Swank's cloud-hosted streaming platform eliminates common obstacles - such as the lack of DVD players, blocked personal streaming sites and DVD library maintenance. Plus, teachers can easily assign films to students outside the classroom through any Learning Management System.

The Magic School Bus Meets Star Trek

Mission.IO (formerly Infini-D) is uniquely built to assess grade-level standards, promote a collaborative and positive classroom community, and support the development of real-world science & engineering skills - but students just think they are playing a fun and engaging game based on what they have just learned!

They have more than just a new name. There are MANY more missions - now Literacy/ELA missions too - with new ways to engage as well. Best of all, USBE has funded this tool for YOUR rural Utah school!

The T.A. You Have Always Needed

AI resources and tools available to teachers right now are astounding, and they are improving day by day. Teachers need to know how to safely and effectively utilize AI with daily tasks, as well as help students safely use it too.

We can explore the basics of using AI to do more, save time, and amplify your instruction, as well as dig into Prompt Engineering, or look at the incredible things you can do for FREE with Google Gemini & Notebook LM. UEN provides excellent self-paced courses for exploration and credit, or you can investigate certifications from SchoolAI, MagicSchool and Khanmigo for Educators.

FREE TOOLS UTAH TEACHERS SHOULD KNOW ABOUT

Are you using any of these?
Are you paying for them?
We can help you learn more.

Canvas: Learning Management System

Lucid: Interactive Whiteboards & More

Nearpod: Engage and Assess

MY VIDEO SPOT

The Video Platform Built for Education

MyVideoSpot (formerly MyVRSpot) is a tool provided to you by SEDC to provide a safe and easy way for teachers to curate and create their own instructional libraries of video and other types of media. Plus, with a few clicks you can add YouTube videos to MyVideoSpot and clear away ALL of the distracting ads, comments and suggested videos when shared! You also get:

Video, Audio & Screen Recording
Unlimited recordings up to 60 minutes.

My Studio
Online video editor with green screen, PIP, and more.

Video Showcase
Easily share an infinite number of videos on a website or in Canvas.

Utah's Online School Library:
